WITHOUT HIS KNOWLEDGE
this man's re-election committee attempted to wiretap a SINGLE PHONE in the opposing party's headquarters. (a phone used to hire hookers) He was brought down in disgrace and "Watergate" is considered the greatest act of political corruption in US History.

AT HIS DIRECTION
and with his full knowledge this man used the FBI to not only wiretap the opposing party's headquarters, but placed a MOLE inside the campaign (Stefan Halper) in order to spy upon and undermine the opposition party.

There 3 ice shelves that control weather with other stuff, sun etc

Smallest under Greenland and most studied and data used from there

The 2 biggest - Antarctica, not as much data from there used

Antarctica's last six months were the coldest on record
